NICOLA CASARIN

with a hybrid chemistry background and a Bachelor's in contemporary history, now dedicated to data analytics in social and political sciences, excited to face new challenges and learn new skills.

🎓 EDUCATION

2022
|
2021

M.A. Data Analytics for Politics, Society and Complex Organizations
Università degli Studi di Milano - Master [7 EQF]   📍 Milan

- Not completed
- Focus on data-driven approaches, data mining and data analysis for the social sciences. Fundamental knowledge of statistics and programming to be able to extract knowledge in a wide range of contexts. I dropped the program because it turned into a classical Political Science course after the first year, losing the focus on

2021
|
2017

B.A. History
Università degli Studi di Milano - Bachelor's Degree [6 EQF]   📍 Milan

- Grade: 110/110 cum Laude
- Solid knowledge of history and historiography, strongly leaning toward contemporary history. I have developed the ability to think critically, analyze the context, and extract valuable knowledge without getting overwhelmed by large amounts of information.
- Bachelor's thesis: «Discriminare non significa perseguitare». Il censimento degli Ebrei del 1938. «Discrimination does not mean persecuting». The Jewish census of 1938

2019
|
2019

Training Seminar
Mémorial de la Shoah   📍 Milan

- "Comparing the Holocaust: the genocide and mass atrocities in the XXth century"
2015
|
2013

Diploma in Environmental Chemistry
High School - I.I.S. "L. Cobianchi" [4 EQF]   📍 Verbania

- Grade: 80/100
